September 7, 2017

Dear Parents/Guardians:

As another way to insure the safety of our students, we will begin an automated system to notify you if your child is not in school. Our school messenger notification system that is used for delayed openings and school closings will call/ text you approximately 30 minutes after the start of the school day. You will be asked to notify us to ensure your child's safety. Please note that at times the system may still call even if you have already notified us of their absence. A written note or email is still expected within two days of your child's absence or tardiness.

The first one to two weeks of school we will be testing the system. If all goes as planned we will begin using the system regularly.

As you know, arriving on time and limiting absences are an important life skill. We wish your child a successful school year.

Sincerely,

SHRSD Administrative Team
